

Great March for Climate Action

The March for Climate Action started on March 1st in California and will end on November 1st in Washington, DC. Spanning 3,000 miles across the United States and endorsed by numerous environmental organizations including UU Ministry for Earth, this will be one of the largest coast-to-coast marches in American history. The goal is to change the hearts and minds of people across the country by making our concern and commitment visible, and ultimately to convince our elected leaders to act now to address the climate crisis.

The Great March for Climate Action is committed to bearing public witness to the urgency of climate change in a peaceful manner, and thus is in keeping with our Unitarian Universalist values. Below is a list of cities through which marchers will pass, along with nearby UU congregations. If you and/or your congregation would like to participate in part of the journey, register at <http://climatemarch.org>. And please let UUMFE know!

Great March for Climate Action
